

ANIMAL NUTRITION

RICH LIQUID NATURAL MINERAL SUPPLEMENT FOR CATTLE, SHEEP
AND GOATS TO HELP SUPPORT ANIMAL WELL-BEING

Animal Nutrition for Sheep, Cattle, Goats

This liquid product provides balanced nutrition to promote overall health and provides essential minerals and vitamins for cattle and sheep. This product combines natural minerals and other elements with an organic chelator. This increases the uptake and absorption of nutrients, leading to better retention and improved performance and health of the animal.

Key Benefits:

- Balanced nutrition to support overall well-being
- Feed conversion of both dry and green feed
- High amino acid content (the building block of proteins)
- Flexible application - applied in feed or water supply
- Readily absorbed
- Nil withholding period

Ingredients:

Animal Nutrition is derived from natural resources (minerals, trace elements, phyto-proteins, vitamins, seaweed extracts) and is compounded according to a system of ecological balance with chelation to support easy uptake and promote nutritional health. This product does not contain restricted animal material.

Storage and Handling: Compatibility, and/or performance cannot be guaranteed when combined with other products. Store in a cool, dry area out of direct sunlight.

Agitate or shake well before use.

Safety Directions: Product is non hazardous. Keep out of reach of children.

Manufactured by: Converte Pty Ltd, PO Box 8159, Griffith, NSW, 2680
